- Cricket

Jatin Rohilla

Full Stack Web Developer

PROFESSIONAL SUMMARY

Result: Dedicated Full Stack Web Developer with expertise in the MERN stack (MongoDB, Express.js, React.js, Node.js) and a strong command of JavaScript. Proven track record of resolving complex issues with precision and diligence. Skilled in fostering seamless communication and collaboration within multidisciplinary teams to deliver robust and scalable web solutions. Committed to staying updated with evolving web development methodologies and adept at quickly adapting to emerging technologies.

PROJECTS

1. Specialized |

HTML5 | CSS3 | JavaScript | React | Redux

- Developed an e-commerce website using *React.js, Redux, HTML, and CSS*.
- Implemented features such as fully responsive design, searching, login, rating, authentication and authorization, online payment, cash on delivery, filtering and sorting, and reviews.
- Collaborated within a group project setting, demonstrating effective teamwork and communication skills.

2. Rentomojo |

HTML5 | CSS3 | JavaScript | React

- Designed and developed a fully functional e-commerce website tailored for plant enthusiasts using *HTML5, CSS3, JavaScript, React*.
- Implemented user login and signup functionality using Firebase.
- Handled frontend development including homepage, login, and navigation, and managed the GitHub repository.
- Collaborated within a group project setting, demonstrating effective teamwork and communication skills.

3. Bed Bath & Beyond Clone |

HTML5 | CSS3 | JavaScript

- Developed a fully responsive e-commerce platform for Bed Bath & Beyond using *HTML5, CSS3, JavaScript*.
- Implemented features such as searching, login, rating, authentication and authorization, online payment, cash on delivery, filtering and sorting, and reviews.
- Worked individually on the project, demonstrating the ability to handle full-stack development tasks independently.
- Collaborated with a team of 4 members, making medium contributions to the project.
